## SUBJECT INDEX

### A

- abdomen, acute  
 due to ruptured hepatic artery aneurysm related to polyarteritis nodosa (Case Report) 904  
 MEN type 2a presenting as (Case Report) 824  
 mesenteric venous thrombosis of the jejunum due to nephrotic syndrome presenting as (Case Report) 902
- abdomen, children's bicycle handlebars causing trauma to 338
- abdominal aorta *see* aorta, abdominal
- abdominal aortic aneurysm *see* aneurysm, abdominal aortic
- abductor digiti minimi flap, dorso-ulnar defect of hand treated with (Case Report) 582
- Abernethy, John, development of surgical education and role of (Surg. History) 528
- ABO blood groups, incompatibility in liver transplantation 275
- abscess  
 acute superficial, open vs closed surgical treatment of 173  
 cervical, recurrence due to fourth branchial sinus 119  
 iliopsoas, involving iliacal and gluteal muscles (Case Report) 668
- Abstracts  
 49th Scientific Meeting of the Urological Society of Australasia, 24-29 March 1996 358  
 Annual Meeting of the Surgical Research Society of Australasia, 22-24 August 1996 192

- abstracts, critical analysis of content in (Surg. Education) 45
- acute ischaemia *see* ischaemia, acute
- Adelaide prognostic index, for node-negative and node-positive breast cancer 765
- adenocarcinoma, with anorectal sinus in patient with Crohn's disease (Case Report) 66
- adhesions, laparoscopic diagnosis of chronic right iliac fossa pain due to 789
- adjuvant therapy  
 breast cancer treatment and (CME) 47  
 non-resectable rectal cancer and 603  
 rectal cancer and (Pers. Review) 588
- adrenal glands, ganglioneuroma of medulla of (Case Report) 816
- aerodigestive tract, upper, relationship of cervical LN metastases to primary site of SCC in 860
- aged *see* geriatrics
- amputation, using MESS to predict if lower limb blunt trauma injuries require 25
- anal incontinence, surgery for (CME) 457
- anatomy  
 Charles Bell's role in development of surgical education in (Surg. History) 528  
 comparative, Everard Home's role in history of (Surg. History) 547  
 history of papal contribution to (Surg. History) 472  
 inguinal canal in prepubescent children 335  
 William Cheselden's role in history of (Surg. History) 524
- aneurysm  
 abdominal aortic  
 management in geriatrics of 640  
 outcome for non-surgical treatment of 260  
 outcome for non-surgical treatment of 260  
 hepatic artery  
 management of (Case Report) 143  
 polyarteritis nodosa related to rupture of (Case Report) 904  
 femoropopliteal and crural bypass using Omniflow II and risk of 637
- angiography and angioplasty of stenotic subclavian artery and endocarditis (Case Report) 306
- angioplasty and angiography of stenotic subclavian artery and endocarditis (Case Report) 306
- angiosarcoma, chronic osteomyelitis from WW2 wound and development of (Case Report) 576
- anorectal abscess, surgery for (CME) 457
- anorectal AIDS, surgery for (CME) 457
- anorectal fistula, with adenocarcinoma in patient with Crohn's disease (Case Report) 66
- anorectal malformation, sacrococcygeal teratoma and (Case Report) 218
- antibiotics  
 closed surgical treatment of acute superficial abscess and need for 173  
 MRSA infection of surgical wounds and role of (Review) 682  
 prophylaxis for angiography and angioplasty to prevent endocarditis (Case Report) 306
- anticoagulants, anti-Xa levels and thromboelastography to monitor lomoparan during cardiopulmonary bypass (Case Report) 392
- anti-Xa levels, and thromboelastography to monitor lomoparan during cardiopulmonary bypass (Case Report) 392
- anus, ischaemic proctitis and intractable pain in (Case Report) 390
- aorta  
 abdominal  
 outcome for non-surgical treatment of aneurysm of 260  
 reducing occurrence of 'trash foot' after surgery involving 21  
 ascending, repair of acute type A dissection of 712  
 haemorrhage after laparoscopic Nissen fundoplication due to granuloma of (Case Report) 815  
 intimal sarcoma of (Case Report) 482  
 'trash foot' and role of clamping of 21  
 aortic dissection, repair in acute type A 712  
 aortic valve replacement, 30-year review of (Comment & Reply) 80910
- aortoduodenal fistula, CT appearance of (Case Report) 745
- appendicectomy, recurrence of appendicitis after (Case Report) 666
- appendicitis  
 laparoscopic diagnosis of chronic right iliac fossa pain due to new method of port insertion for laparoscopic appendectomy in paediatric patients with (Surg. Technique) 204
- appendix, recurrence of (Case Report) 666
- arterial bypass, lower limb ischaemia in Chinese and 270
- arterial clamps, endothelial cell damage from (Surg. Research) 448
- arteries  
 amputation of limbs resulting from blunt trauma injury to 25  
 endothelial cell damage from clamping (Surg. Research) 448
- arthroplasty  
 knee, audit of readmission after primary 340  
 total hip  
 capsular chondroid metaplasia following (Case Report) 298  
 metal-on-metal prosthesis for 634
- ascariasis, biliary colic due to (Case Report) 574
- athero-emboli, role in development of 'trash foot' 21
- audit  
 colorectal surgery outcomes in octogenarians 557  
 computer-based programs for surgery (Surg. Audit) 206  
 modification of ACHS system for surgical wound infection (Pers. View) 675  
 of bile duct imaging and injury during laparoscopic cholecystectomy 706  
 of quality of Aust. N.Z. J. Surg. (Ed. Comment) 399, 417  
 of readmission after primary knee joint replacement 340
- Australian Aborigines, melioidotic osteomyelitis in northern Australia 692
- Australian and New Zealand Journal of Surgery, quality control of 399 (Ed. Comment), 417
- Australian tiger snake, local tissue necrosis after bite from (Case Report) 385
- axillary lymph nodes, prognostic index for breast cancer independent of status of 765
- azathioprine, primary intestinal Hodgkin's disease complicating ileal Crohn's disease treated with (Case Report) 485
- azygous vein, anomalous, endoscopic thoracic sympathectomy and risk of (Case Report) 578

## B

- back pain  
 due to abscesses of the iliacus and gluteal muscles (Case Report) 668  
 due to intraperitoneal gallstones after laparoscopic cholecystectomy (Case Report) 662  
*Bacteroides fragilis*, causing adductor myonecrosis after prostate biopsy (Case Report) 900  
 basal cell carcinoma, postoperative radiotherapy for metastases of (Case Report) 491  
 Beaumont, William, physiology of digestion and experiments of (Surg. History) 534  
 Bell, Charles, development of surgical education and role of (Surg. History) 528  
 Bentall's technique, repair of acute type A aortic dissection by 712  
 best practice, parameters for rectal cancer (Comment & Reply) 215, 216  
 bicycles, abdominal trauma in children due to handlebars of 338  
 bile ducts  
 laparoscopic cholecystectomy and audit of imaging of and injury to 706  
 laparoscopic cholecystectomy and staged management for injury to 168  
 biliary colic, ascariasis causing (Case Report) 574  
 biliary fistula  
 external, resulting from laparoscopic cholecystectomy and staged management for 168  
 intraperitoneal, percutaneous microcoil embolization of 424  
 biliary papillomatosis, laser therapy via choledochoscopy for (Case Report) 664  
 bioelectrical impedance, total body water changes after gastrointestinal lavage measured by 123, 811-12 (Comment & Reply)  
 biopsy
